

I am appauled to think that Sinclair Broadcasting can choose to force their stations to air an anti-Kerry documentary days before the election. This is outrageous and is a clear example of the dangers of of big brother controlling the media.

For Sinclair to use the free public airwaves, to hold a nation hostage to it's narrow views cannot be allowed. Sinclair has a responsibility to be to serve the public interest. But when large companies control the airwaves, we get more of what's good for the bottom line and less of what we need for our democracy. Show some muscle and stop this debaucle! Let us see real people from our own communities and more substantive news about issues that matter.

THIS is proof that we need to strengthen media ownership rules, not weaken them. If you are not part of the solution, you are part of the problem!!

Thank you.
